

“Carve the Mark”

—Veronica Roth

Some books you read , some books you enjoy. But some books just swallow you up , heart and soul...

Carve the Mark is the first book in best selling Divergent author Veronica Roth's new fantasy duology. Set on an icy planet ruled by violence between two neighboring but enemy peoples --the peaceful Thuvhe and the nomadic, violent Shotet, who carve a mark on their skin after every kill.

Betrayal and friendship, what would you choose ? Loyalty and royalty , what would be your choice ? What would you do when can't outrun the pain ? So much confusion , so much pain . How will this story end ? I would recommend this book to those who love a mind gripping Sci-Fi.
