

“The Secret Forest”

—Enid Blyton

“The Secret Forest” is the one I impressed the most among all Enid Blyton’s books. It is strongly recommended to people who are trying to read English literature as all her books are easy to understand.

One day, Paul’s friends, Ranni and Pilescu was kidnapped by a gang of robbers. Paul, Mike and Jack went into forest to rescue them without hesitation. Finally, they saved their friends from danger. In the whole process, their courageous and persevering spirit has really inspired me.

The vivid storyline that filled with an wonderful and amazing adventure has made me curious about what will be going next. I hope you would like it as well!
